Sir:

Applicants wish to make of record two brief telephone conversations conducted on 17 January 2007 between the undersigned attorney, and Examiner Lao and Supervisory Examiner Chin, respectively, regarding the above-referenced U.S. patent application. The undersigned attorney pointed out that the wrong specification, claims and drawings had been scanned into the file at the USPTO, and then examined in the Office Action dated 20 October 2006. Accordingly, the Supervisory Examiner indicated to the undersigned attorney that the pending Office Action would be withdrawn, the correct application papers would be scanned, and a new examination would be made of the application, based on the correct specification, claims and drawings.

CONCLUSION

In view of the foregoing, Applicants respectfully request that the Examiner withdraw the pending Office Action, allow claims 1-12 and pass the application to issue.
